TEKNOR APEX

Sarlink® TPV 5755B

Teknor Apex Company - Thermoplastic Vulcanizate

General Information

Product Description

The Sarlink TPV 5700B series are highly engineered extrusion-grade thermoplastic vulcanizates with outstanding UV stability designed for demanding automotive interior and exterior sealing applications, including glass run channels, waistbelts, weather strips, seals and other profiles. Sarlink TPV 5755B is a medium hardness, medium density, high performance grade with low fogging and excellent color retention and elastic properties.

General			
Material Status	Commercial: Active		
Availability	 Africa & Middle East Asia Pacific	EuropeLatin America	North America
Additive	UV Stabilizer		
Features	Chemical ResistantGood ProcessabilityHigh Heat Resistance	Low Compression SetLow HardnessMedium Density	Medium Hardness
