

# - Linear Low Density Polyethylene

## **General Information**

### **Product Description**

/1791

Sinpolene MBW1791 is a polyethylene-based pure white masterbatch designed specifically for use in film extrusion, general purpose and T-shirt bags application. With its high pigment loading, Sinpolene MBW1791 offers high colouring value with excellent quality and performance.

The blue undertone of this masterbatch is attributed by specially selected high performance, fine crystal size rutile titanium dioxide.

Sinpolene MBW1791 is delivered as free flowing pellets for processing convenience.

## **CHARACTERISTICS**

- \* Easy processing
- \* Good dispersion
- \* High opacifying power
- \* Excellent whiteness
